Journal ISSN (online version): 2710-8082
Journal ISSN (print version):
Journal Url: https://ajhsjournal.wixsite.com/ajhs
Discipline: Natural Sciences
Journal Description: AJHS, with its multidisciplinary character, is at the crossroads of several health science specialties. It is therefore a real forum for discussions and exchanges between all specialists confronted. AJHS publishes updates, original articles, clinical cases / facts, technical notes and brief communications, updates, letters to the editor, and review articles / reviews in the field of health science in the broad sense. Special issues will obviously be published according to the events or seminars or workshops organized by the ATRSS agency. The objective being: To structure a community of Algerian researchers working in the field of health sciences; Publish at regular intervals the recent results of the research work submitted to it; Provide reliable and accessible information to researchers and users; Promote and archive significant advances in scientific knowledge. AJHS also publishes themed issues related to the actual findings and recent topics. Manuscripts are submitted in Arabic, French, and English.
