

Author Guidelines

Guide for Authors:

All manuscripts must be submitted to Algerian Journal of Renewable Energy and Sustainable Development (AJRES D) to Editorial Office through Online Submission by assessing the following address: <https://ajresd.univ-adrar.dz/index.php?journal=AJRES D&page=submissions>, where the visitors must register as Author. If authors are experiencing problems on the submission, they can contact Editorial Office at email: harrouz.onml@gmail.com;abd.harrouz@univ-adrar.dz.

The following files must be submitted together with the manuscript (as supplementary files):

- A Manuscript paper with format under following template ([download template.docx](#)).
- List of experts Reviewers for your manuscript. Please send the detail by their email and affiliation address.

Article format:

The corresponding authors should carefully follow the guidelines , or their articles may be rejected before review. Editor reserve the right to adjust the style to certain standards of punctuality. Follow Title, Authors, Affiliations, Abstract, Keywords, Introduction, Research Method , Theory/Calculation, Conclusions, Acknowledgements and References arranging when typing articles. The corresponding author should be identified with an asterisk .

Abstract and Keywords:

The abstract should be 80 to 250 words long. Use only English characters in the abstract, other characters such as special symbols, Greek alphabet letters, etc. cannot be included in the abstract. Do not cite references in the abstract. The article keywords must contain at least 5 words or phrases arranged in alphabetical order, separated by a comma, the first words must be capitalized and the last one must end with a full stop.

Abbreviations :

Illustrate abbreviations the first time they are used in the text, even if they have been defined in the abstract.

Text Layout for Peer Review:

The length of the article should be in range of 3 to 6 A4 pages. If your paper is longer than 8 pages, please contact us before submission (10 pt).

Equations:

Each equation in the article must be numbered. It is centre-justified in a column. The numbering in parentheses is right-justified and is on the same level as the equation itself. Equations are written using Microsoft Equation 3.0 Editor, as e.g.

Figures and Tables:

Tables and Figures are presented center.
