Table of content

Samira SAHI, Naima TOUATI, Lamia BENAZZOUZ, Ahlam BEN BELLIL
Study of the physical and mechanical properties of a naturally reinforced composite after several recycling processes
Vol 04. N°2, 2025, pp.01.-04

Nadira BELLILI, Badrina DAIRI, Nadjia RABEHI
Effect of physical treatment on the performance of thermoplastic matrix composites with natural fillers
Vol 4, N°2, 2025, pp. 05-09

Lisa KLAAI, Dalila HAMMICHE
Development of a Moisturizing Cream based on Prickly Pear Seed Oil
Vol 4, N°2, 2025, pp.10-15

Sofiane FATMI, Wassila, BELKHIRI-BEDER Hayet Ahlem LEZRAG, Zahra TOUTOU, Lamia TAOUZINET, Malika LAHIANI-SKIBA, Mohamed SKIBA and Mokrane IGUEROUADA
Development and validation of a routine UV spectroscopic method for determination of camptothecin in cyclodextrin complexes, liposomes, niosomes, and solid dispersions in PEG 6000
Vol 4, N°2, 2025, pp.16-19

Chadia IHAMOUCHEN.
Effect of olive husk flour silanization on the mechanical and thermal properties of high-density polyethylene composites
Vol 4, N°2, 2025, pp.20-26
