Afak for sciences:

Afak for sciences is an international scientific journal that focuses on linguistic, literary, cultural, and educational studies issued at the University of Djelfa.

Journal Publishing Areas:

Afak for sciences is an academic space for several fields. It welcomes research and studies in law, politics, linguistics, literature, humanities, social and educational sciences (curricula and teaching methods, pedagogy, educational administration), and economic studies. Also, it displays books and university theses, scientific reports on seminars and scientific conferences, commenting on laws and judicial rulings, and the achievement of manuscripts.

The journal also publishes studies and research of authentic literary and scientific research for researchers in all these specialities from inside Algerian universities and from outside Algeria written in Arabic, English or French.

The submitted manuscripts must be carefully written and edited and meet the scientific and methodological requirements.

Research and studies submitted for publication are presented to a jury of specialists who are chosen in strict confidentiality, to show the extent of their authenticity, seriousness, value of their results, the soundness of their presentation,

and suitability for publication. The researcher is obligated to make adjustments according to the observations made by the reviewers.

Note :

- Each researcher should not publish his research in any other journal without prior permission from the editorial board, and when the research is accepted for publication, all property rights related to the research are transferred to the journal.*
- It is not allowed to print, copy or re-publish the journal or part of the research published in it without the written permission of the director of the journal.*
- Violation of the previous terms may expose the writer to judicial prosecution.*
