DITORIAL OF VOLUME' 13 N' 01

The Editorial Board of the Sports System Journal at Ziane Achour University of Djelfa, Algeria, is pleased to present to its readers the first issue of Volume Thirteen, published in March 2026.

This issue includes forty-eight research papers that vary in terms of subject matter, contributing institutions, and languages of publication. The issue comprises forty-five articles published in foreign languages and three articles in Arabic. The topics addressed are diverse, with the largest share devoted to studies related to the training domain, followed by research focusing on the educational and administrative aspects, as well as studies concerning adapted physical activity.

It should be noted that several manuscripts are currently under peer review and will be published in the forthcoming issue. The editorial board of system Sports Magazine is keen to continue its policy of striving to remain a leading magazine at the local and regional levels, and to become classified among the most famous international rules. To learn more about publishing rules and instructions for authors, click on the website:

<https://www.asjp.cerist.dz/en/PresentationRevue/372>

The editorial board of system Sports Magazine would like its readers to interact with it through its website and email by expressing their comments and submitting suggestions that they believe could have a good impact on developing and advancing the magazine.
