DITORIAL OF VOLUME' 13 N' 02

The Editorial Board of the Sports System Journal, University of Ziane Achour of Djelfa, Algeria, is pleased to present to its readers the second issue of Volume Thirteen, published in September 2026.

This issue comprises 43 research articles covering a diverse range of topics, contributing institutions, and publication languages. Two articles are published in Arabic, while 41 articles are written in foreign languages. The topics addressed in this issue are varied, with the largest proportion devoted to research related to training, followed by studies focusing on educational and administrative aspects, as well as research addressing adapted physical activity. It should be noted that a number of manuscripts are currently undergoing the peer-review process and are expected to be published in the forthcoming issue.

The Editorial Board of the Sports System Journal remains committed to pursuing its editorial policy and to maintaining the journal's position as a leading scientific publication at the local and regional levels, with the ultimate goal of achieving inclusion in the world's most prestigious international indexing and abstracting databases.

For further information regarding the journal's publication guidelines and instructions for authors, please visit the journal's website:

https://www.asjp.cerist.dz/en/PresentationRevue/372

The Editorial Board of the Sports System Journal also welcomes readers' engagement through the journal's website and email. Readers are encouraged to share their comments and suggestions, particularly those that may contribute positively to the continued development of the journal, enhance its academic standing, and further advance its quality and visibility..

Editor D/khelfaoui lazhari
